March 21st, 2018 starting 9.30 am*

PREPARING FOR COMPLIANCE

On May 25th 2018 the legislation on personal data is changing. The new General Data protection Regulation (GDPR) is applicable and it concerns all of us: large and small businesses, regardless of activity and turnover, we need to take care of protecting the personal data of our employees, customers and suppliers

5

MAJOR QUESTIONS TO ASK OURSELVES

- What should businesses do?
- What is data mapping?
- How strict are the fines?
- How is information and IT systems secured?
- Is the time left enough for a proper preparation and what happens if a business is not ready by May 25th?
